Winter 2008  
Volume 1.2

## 2008 in Review

As difficult as it may be to believe, 2008 is at an end. This is typically the time we take to look back on our accomplishments and to reflect on the opportunities we have had to make a difference in people's lives. It's also a great time to look forward and make plans for the quickly approaching new year.

Since the sale of the hospital three years ago, we have tried to be good stewards and support those causes in Greene County that best fit our mission of providing compassionate and caring outreach programs. Some of the programs we were able to support were Camp Challenge through the Washington and Greene Job Training, Corner Cupboard Foodbank and local EMS and Volunteer Fire Departments.

The Foundation also chose to support scholarship programs for scholastic and medical schools in an effort to further improve the surrounding community.

We are greatly looking forward to the upcoming year which will present us with many more opportunities to once again demonstrate our commitment to Greene County with programs designed to meet the needs of nearly 50,000 individuals.
